

The Robertson Report Year-End Edition 2018

As we countdown the days left in the school year, we will spend this week and next continuing work on our **MEMORY BOOK**. We will record our favorite activities, fieldtrips and projects. We will include the friends we've made and the skills we've learned. The children will bring their finished books home after graduation on **Tuesday May 29**.

There are so many **PEOPLE TO THANK** for helping make our kindergarten year a success! Countless thanks go to all parents for support and help throughout the year—just keeping up with homework and reading the newsletters is key. We couldn't have our special events without parents to take the lead. Thanks to Lisa Pero, our head roomparent and to all parents who helped in any way with class parties. Many thanks to everyone who chaperoned our fieldtrips. Please know that I truly appreciate your support, whether it is a take-home project or reading with your child or the many other ways you helped your child succeed this kindergarten year! Many Thanks!

SKILLS to review as we close our year include any alphabet sounds and sight words not yet mastered. Our last math unit includes calendar skills; days of the week, studying quantity, graphing and also printing numbers 1-31. IXL work includes Q.1-Q.2 from kindergarten section and U.9-U.12 from first grade section. I will also check in on reciting prayers: Angel Prayer, Hail Mary and Our Father. **We will continue with SuperKids take home readers through June 1.**

SOUNDS TO KNOW: Z **WORDS TO KNOW:** was
